PROFILE

I am Wasim Omar Al-Qattawi, a 20-year-old ambitious young man from Gaza City, Palestine. I am a third-year university student at Al-Azhar University, majoring in Software Engineering at the Faculty of Engineering and Information Technology.I have a great passion for the world of software, engineering, computers, and the digital world. They form an essential part of my life. I am a hardworking and committed person, always striving to develop my skills and knowledge in the field of technology and programming. I possess an analytical mind and problem-solving abilities, which enable me to adapt effectively to technical challenges. I am looking for a source of income while studying.

EXPERIENCE

Data Entry Training
I trained on

- Entered and updated large volumes of data accurately and efficiently.
- Reviewed and verified data to ensure correctness and consistency.
- Organized digital files and records in a structured manner.
- Used Microsoft Excel for data management, formatting, and basic analysis.
- Maintained data confidentiality and followed organizational guidelines.

- I volunteered at a displaced persons camp in Rafah, entering their data and counting the number of camp residents.

- Holds the International Computer Driving Licence (ICDL) certificate

SKILLS

- Fast and accurate data entry
- Proficiency in all Microsoft Office applications
- Punctuality
- Working under pressure
- Teamwork
- Problem-solving
